

The smarter choice for versatility.

Stay focused and ready for anything life throws at you with the smart IdeaPad Duet 5i, the detachable made for the on-the-go device. Put in your best work with up to the latest Intel® Core™ i7 U series processors and 512 GB SSD enhanced by the Lenovo AI Engine and raise your game with a 16:10 touchscreen featuring Dolby Vision® and Dolby Atmos®. Freestyle across different modes and a detachable keyboard, as well as two full-function Type-C™ ports to connect a 4K display and transfer data faster.

Why you should buy the Lenovo IdeaPad Duet 5i.

Choose your way to freedom

Choose your own way to freedom as you roam with a slim and lightweight detachable with a recycled fabric design that fits into any setting, from your home, your office, your coworking space, and even the library. Flex your versatility by switching between laptop mode, tablet mode, and pen mode or even detach the display for browsing as you commute. Detaching the Bluetooth® keyboard allows you to carry a slim and light tablet when you're on the go.

Elevate your vision

Bring extraordinary color, depth, contrast, and pixel-perfect detail of Dolby Vision® to the screen on a 16:10 500 nits display enhanced by 95% DCI-P3 for a larger color palette on a touchscreen for easy and intuitive exploration. Immerse yourself in a curtain of sound with Dolby Atmos® spatial audio and detach the keyboard for more freedom and mobility to let you work, play, and stream anywhere.

Flexible smart performance

Experience deceptively powerful and smart performance and speed for such a thin device with up to 13th Gen Intel® Core™ i7 processors that meet your performance demands where you need them most. For optimal efficiency, Smart Power dynamically adjusts to maximize performance, thermals, acoustics, and battery life in relation to what you're doing.

Get things done yesterday

Accelerate your work processes with two full-function USB Type-C™ ports for faster data transfers, power delivery, and display output capabilities and WiFi 6E for faster, more stable connectivity. Boost your battery life by three more hours with only 15 minutes of charging through Rapid Charge Boost.

¹ All battery life claims are approximate and based on two methods of testing: MobileMark® 2018 battery life benchmark and continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness and default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

² The actual transfer speed of the USB 3.2 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 20 Gbit/s.
