

Legion Tower 5i (26L, 8)

The towering future of gaming.

Built for tomorrow's gaming worlds, Legion Tower 5i delivers blazing-fast performance via Upto 14th Gen HX processors and NVIDIA® GeForce RTX™ 40 Series graphics, deeply chilled with air cooling that stays whisper-quiet. Balance your battestation looks with the command station function with an enmeshed front bezel for enhanced airflow and an optional toolless glass panel.

WHY YOU SHOULD BUY THE LENOVO LEGION TOWER 5i (26L, 8)

Intel® Core™ 14th Gen processors. Beyond performance.

Intel's latest hybrid architecture paired with industry-leading features delivers the ultimate gaming experience. Stream, create, and compete at the highest levels - Intel® Core™ 14th Gen HX processors push your gameplay beyond performance, giving you the power to do it all.

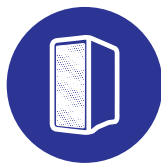

Beyond fast

NVIDIA® GeForce RTX™ 40 Series GPUs are beyond fast for gamers and creators. Experience lifelike virtual worlds, ultra-high FPS gaming, revolutionary new ways to create, and unprecedented workflow acceleration.

Blistering speeds that stay freezing cold

Stay cool, collected, and indomitable with a cooling-forward gaming system. Legion Tower 5i is designed with whisper-quiet air cooling plenty to keep your CPU performance humming and cool, even in intense sessions. The enmeshed front bezel minimizes obstruction to airflow and further muffles the acoustics.

Battlestation looks. Command ready.

A battlestation look that meets cooling station function with the new signature Legion design language of the new Legion Tower chassis, featuring a flashy meshed front bezel that improves airflow and dampens noise. The toolless side casing includes an optional glass panel to show off your shiny internals and 12 ARGB lighting effects to match the mood of your game.
