¹ Installed memory is actually LPDDR4x-4266MHz but may run as LPDDR4x-2933MHz depending on the memory support capability of processor.

² All battery life claims are approximate maximum and based on results using the MobileMark® 2014, MobileMark® 2018, MobileMark® 25, JEITA 2.0, JEITA 3.0, continuous 1080p video playback (with 150nits brightness and default volume level) or Google Power Load Test (PLT) battery life benchmark tests. Actual battery life will vary depending on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

³ The system dimensions may vary depending on configurations.

⁴ The system weight is approximate and based on results in Lenovo lab, which varies depending on the source of component, variance of the distribution of each component, and manufacturing process. It may not be the exact weight for each specific model.

⁵ Wi-Fi 6 full features might be limited by country-level restrictions.

⁶ Bluetooth® may operate at a lower version than hardware design depending on the factors such as operating system, driver, etc.

⁷ The actual transfer speed of the USB 3.2 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, may be slower than a speed of 20 Gbit/s.

⁸ The items listed under the Green Certifications section may not only refer to certification but also registration or self-declaration. For ESG & regulatory compliance documents, please visit <https://compliance.lenovo.com>.

⁹ EPEAT™ registration and ENERGY STAR® certification are dependent on system OS. Please visit epeat.net and energystar.gov for more information. EPEAT™ is registered where applicable, please visit epeat.net for registration status by country.
