

Lenovo C24-40 Monitor

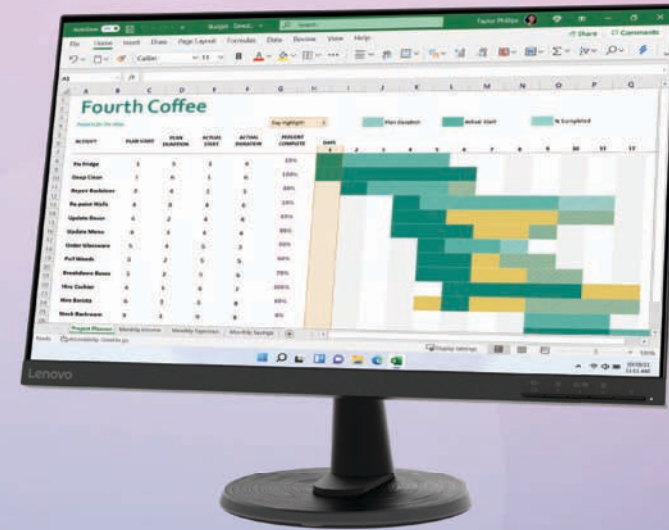

Dive deeper into the details.

Power to help you do more.

The Lenovo C24-40 Monitor is designed to power your work during the day and your playground at night. The 23.8-inch 3-side NearEdgeless VA panel readily engages you with rich onscreen content and its wide 178°/178° viewing angle lets you experience consistent imagery from any perspective. The FHD (1920 x 1080) resolution and 72% NTSC color gamut make the display pop. A highly responsive display with a 75Hz¹ refresh rate and 5ms response time, lets you experience the richness of smooth video content. Be on the edge of the action as the screen pulls off fast-moving scenes with amazing ease, thanks to AMD FreeSync™ technology² which removes stutters and tears. The monitor's TÜV Low Blue Light certified technology and Natural Low Blue Light technology shield your eyes by filtering out harmful blue light emissions. It does so while keeping the images true to their original colors without color distortion. You can complete your setup by connecting your monitor to your laptop/PC and speakers/headphones with the HDMI, VGA, and audio-out ports. Adjust your monitor for your optimal comfort and viewing experience with the tilt functions or VESA Mount it to have a neat and clean desk space. Work and play with more elbow room as the integrated cable management system ensures that wires don't come in the way of your productivity. The Lenovo C24-40 Monitor is the multitasker you have been waiting for!

Features of Lenovo C24-40 Monitor

Captivating display

The Lenovo C24-40 Monitor's 23.8-inch 3-side NearEdgeless VA panel is your clear window to the world of work and play. Notice minute details in the imagery with the FHD (1920 x 1080) resolution. The 72% NTSC color gamut support boosts every color while balancing it with the deeper blacks. With its wide 178°/178° viewing angle, witness accurate tones and shades on your display from any perspective. Experience clear and smooth visuals and video content without any color distortion.

Eye care beyond compare

The Lenovo C24-40 Monitor is equipped to fight ghosting, stuttering, and tearing of video content with a 75Hz¹ refresh rate and 5ms response time. In addition, the AMD FreeSync™ technology² removes any latency between input and output to offer smooth imagery that elevates your working, viewing, and gaming experience. The TÜV Low Blue Light certified technology and Natural Low Blue Light technology shield your eyes from harmful blue light without color distortion and keep you fatigue-free during extended hours of screen time.

Connect with comfort

Connect your laptop, PC, and audio accessories to your Lenovo C24-40 Monitor to complete your desktop setup. Enjoy even long hours of exposure by adjusting your monitor according to your optimal viewing comfort with the tilt function, or you can also VESA Mount it to have more desk space and elbow room. A clever cable management system lets you club the wires and tuck them at the back of the monitor for a clutter-free working and gaming experience.

¹ HDMI only. | ² AMD FreeSync™ technology can only work with AMD Radeon™ series graphics card.
