

Legion Y27-30 Monitor

Power-packed gaming performance!

Smooth gaming. Splendid display.

Game every day? Then the Legion Y27-30 Monitor is packed with features that will elevate your game play, making your every move faster, smoother, and sharper. You can't help but immerse yourself into your favorite games and content while viewing everything larger and sharper with this monitor's 27-inch FHD screen. A 180Hz¹ extreme refresh rate eliminates stuttering and ghosting so you never miss an opportunity, while the rapid 0.5ms MPRT² response time eliminates streaking so you're always the first to strike. Integrated AMD FreeSync™ Premium³ and VESA certified Adaptive Sync technologies eliminate tearing, stuttering, and judder, so nothing holds you back. Whether you're engaging in the gaming action or catching a thriller with the gang, the immersive visual experience is perfectly complemented by the twin 3W speakers' clear and punchy sound. HDR10 delivers rich, vivid, life-like colors. The Legion Y27-30 features in-built Natural Low Blue Light technology that reduces harmful blue light emissions to keep your eyes fresh and alert despite long hours of gaming action. Lenovo Artery Software (Lenovo Accessories and Display Manager)⁴ keeps pace with its range of smart features to optimize your experience. Powered with cutting-edge technologies and innovative gaming tools, the Legion Y27-30 Monitor promises a winning point-of-view.

Features of Legion Y27-30 Monitor

Sharp, smooth gaming.

The Legion Y27-30 Monitor's 27-inch FHD panel lets you appreciate crisp details and observe every element seamlessly across the frame. The 180Hz¹ extreme refresh rate's high frames per second make the fast-paced gaming action more fun every second. While gaming, a split-second can change an easy win to a loss. The 0.5ms MPRT² extreme response time helps you catch every chance to win. The Legion Y27-30 Monitor's AMD FreeSync™ Premium³ and VESA certified Adaptive Sync technologies sync the refresh rate and frame rate to eliminate tearing, stuttering, and judder giving you a much smoother gaming experience.

Brilliant gaming display.

With the Legion Y27-30 Monitor your aesthetic gaming worlds look stunning from every angle. Graphics are more pleasing when they seem real. That's why the 99% sRGB color gamut with 110% sRGB color area delivers vivid and accurate colors to enrich your visual world. To top that off, the monitor's HDR10 provides real-like light and shade effects that make the game's visuals even more realistic and engaging. The Legion Y27-30 Monitor features in-built Natural Low Blue Light technology, which filters harmful blue light without color distortion to keep your eyes feeling fresh.

Game-changing comfort.

The Legion Y27-30's ergonomic stand allows you to adjust the monitor for your comfort with lift, tilt, swivel, and pivot functions. A nifty phone holder keeps you phone within sight and your desk clutter free. Get immersive sounds with dual 3W speakers. Plug and play content from external devices in high-quality with versatile connectivity options, including HDMI 2.1⁵, DP 1.4, and USB hub. Lenovo Artery Software (Lenovo Accessories and Display Manager)⁴ features powerful gaming tools, including gaming dashboard, show frame rate, show timer, show aim point, and shortcut key settings, to assure you a clear win. Its advanced display settings let you calibrate your ideal setup, or save multiple profiles for different functions.

¹ Overclocking at 180Hz is based on laboratory test data, and this function may cause irregularities in the display. | ² Moving Picture Response Time (MPRT) improves the response time and reduces motion blur in the monitor. Enabling MPRT will disable AMD FreeSync™ Premium technology, and you may notice a negligible flicker. | ³ AMD FreeSync™ Premium technology only can work with AMD Radeon™ series graphics card. | ⁴ Formerly Lenovo Display Control Center. Supports Windows 10 & 11, Mac OS, Windows On Arm (functions vary across systems). | ⁵ Supports 1920 x 1080 @ 165Hz as specified in HDMI 2.1.
