

Yoga 7 2-in-1 (16", 9)

Shape your creativity.

Widen your creative possibilities by 360° with the Lenovo Yoga 7 2-in-1. Rotate into multiple modes to suit your task and draw up your ideas on the breathtaking 16" WUXGA 16:10 display. With up to the latest AMD Ryzen™ 7 8040 Series processors and all-day battery, you can blaze through your workday and studio session without missing a beat.

Trusted performance

Harness the pure speed and trusted performance of AMD Ryzen™ 8040 Series processors, designed to handle multitasking and creative tasks with ease. Experience the power of personal AI processing with AMD Ryzen™ AI built-in to create innovative and engaging content on-the-go. Equipped with AMD's latest smart power management features, you can work with efficient performance and take your creativity anywhere.

It's a real flex

Enjoy true creativity from every angle on the Yoga 7 2-in-1. Express yourself in tablet mode with the digital pen, display mode for your presentations, stand mode for hands-free bingeing, or do productive work on laptop mode with the generous 80 mm x 135 mm trackpad. And the comfort edge unibody was mindfully designed for snug carries and holds.

Clear? Crystal.

Dive into your day instantly on Windows Hello via the 2MP FHD IR camera, which also ensures you look your best on video conference calls. Smart Noise Cancelling shuts out unwanted sound intrusions and pulls focus to your voice, so you can enjoy distraction-free listening and are always heard in crisp, crystal-clear quality.

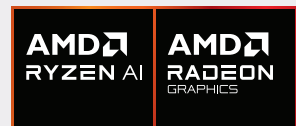

Hear it. Feel it. Everywhere.

The narrow-bezel 16" 16:10 WUXGA display is a remarkable canvas to capture all your dreams. With vibrant colors from up to 45% NTSC color gamut and brilliant contrasts with Dolby Vision®, it's stunning for watching movies and drawing your next idea. The front-facing symmetrical speakers elevated by Dolby Atmos® deliver room-filling sound.

In it for the long haul

Everything you do goes uninterrupted on the Yoga 7 2-in-1. Powered with an all-day battery of video playback, you can keep the marathon meeting going or play the next episodes unplugged. And when the power does go low, Rapid Charge Express brings you up to 3 hours of battery life with just a zap of 15 minutes.

¹ All battery life claims are approximate and based on two methods of testing: MobileMark® 2025 battery life benchmark @ 200 nits brightness and continuous 1080p video playback @ 150 nits brightness on the latest update of Windows 10. Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

² Height is calculated using T2 measurements and should be considered 'as thin as'.

³ The actual transfer speed of the USB 3.2 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, may be slower than a speed of 20 Gbit/s.
